

Our humble Credit beginnings began in 2001. A small office, 2 people, and the rights to serve as a branch office to National Credit Check. An aged and long familiar credit reseller in the tenant and mortgage industries selling credit services, business to business.

In 2004, we purchased the parent company of 16 years, and moved 2,500 customers from California to Colorado, continuing with the same family traditions and commitments.

By January of 2007 we began to understand the need to educate consumers on their credit and the scope of the challenges that lie ahead.

The fall of 2007 was an eventful season in our evolution as we moved our B to B, National Credit Check, under the 104 year old umbrella of ACRAnet and we became ACRAnet Branch 154, resellers of credit, servicing businesses from Guam to Puerto Rico and from Canada to El Salvador.

Likewise, in October of 2007, after 9 months of legal wrangling and development, we officially formulated **NCCheck Solutions** and put ourselves to the task of educating consumers on credit.

NCCheck Solutions serves individuals and companies by assisting them in understanding the mechanics of credit. With the support of our York Street operations we will be opening our retail site in November of 2008 and will be serving over 400 consumers per month.

The future of **NCCheck Solutions** is filled with promise and optimism as we continue moving forward, raising additional capital, and enhancing our mission.

If you seek additional information on our programs, services, or capital development campaign, please contact **Rosy Aburto** or **Scott McDonough** at 720 - 974 - 4070 (877 - 622 - 2656) or visit our website, www.ncchecksolutions.com.
